

Holiday Cheer Decorating, Round up from Mr. Scott

Troop,

For all those who came out last night, Thank You!! I was extremely impressed with the turn out and the positive energy of the group. What you did really helped the residents and Mrs. Donna, who was our contact there, was more than pleased. We were able to decorate four Christmas trees, hang snowflakes, ribbons, and X-mas decorations from the ceiling and give the place that holiday spirit look. A small group of us were able to walk from room to room and hand out candy canes or homemade cards. I feel it really lifted their spirits and made their day. Despite how HOT it was in there, you all did a fantastic job representing our Troop and I was indeed a proud Scoutmaster.

Marty stated a very good point last night and I think he is correct. He told me "I think this has become a new annual event". I completely agree.

Another special thanks to Brandan for setting it up and to the moms (Renee, Lynn, Gretchen, Cheri, and Ximena) for bringing the supplies and running the stations to make our special decorations and cards.

I hope you young men understand the impact of what you did last night.

YIS,
Scott Snyder
Scoutmaster, Troop 716
