## Lock In Wrap Up, Courtesies of Mr. Scott:

We had our annual lock in Friday evening into Saturday morning with 12 boys (10 that stayed all night) and 3 adults. It was a little different this year as I allowed Nerf guns and darts this year and they had a blast playing with them for hours. Rules were in place and eye protection was worn. There were Nerf darts everywhere!! It was also different in that there were only 4 TV's and game systems. The boys seemed interested in doing other activities over playing video games. Either way, they had fun. We had pizza around 9 and boys actually started to turn in between 11:30 – 12. Lights out was 1 a.m. We got up at 7 a.m. Saturday morning and we were out after a nice clean up by 8. Thanks to Don and Rick for staying with me.
